DETAILED ACTION

Claim Rejections

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 1 is rejected under 35 U.S.C. 102(e) as being anticipated by St. Pierre, Jr. et al. US 6351809 B1

Response to Arguments

Applicant's arguments filed 6/6/03 have been fully considered but they are not persuasive.

Regarding applicant comments directed to the rejection of claim 1 under 35 U.S.C. 102(e) as being anticipated by St. Pierre, Jr. et al. US 6351809 B1, Applicant argues that "Pierre patent neither describes nor suggests a microcomputer that includes a state setting means for setting the USB signal line to a level in a non-connection state for a period before the USB interface circuit can respond to **a bus reset signal sent from the host**". Further argues "the USB port does not respond to a reset signal from the host, in fact, the Pierre patent is silent regarding a reset signal from the host".

As stated in the Office Action, the functional limitation "respond to a bus reset signal sent from the host" reads as "until the microcontroller on the device is booted up" recites in Abstract. See Col. 10, lines 12-44, which recites, "**host system 20 sends a**

null character to interface device 30 at 300 baud to instruct on-board FPGA 32 to **reset microcontroller 34**". See also step 901 in figure 9.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
